

Alex Brown

My name is Alex Brown and this will be my second year working as a counselor at Summerscape. Prior to working at Summerscape, I worked at Kid Connection for one year and was a CIT for a year. I am going into my sophomore year at UMass Lowell where I am majoring in Biology.

I have lived in North Reading my entire life where I have attended the Little School, NR Middle School, and NR High School. At NRHS I was voted the most athletic in my grade and received the Nicholas Martinho Award for best all-around athlete. This included the sports of soccer, indoor and outdoor track, wrestling, and basketball. My hobbies revolve around playing any type of sport, especially soccer, doing outdoor activities, or watching a good movie.

I plan on having another fantastic summer with the Summerscape children this year and meeting all the new and returning campers!
